3. Ball Field Parking Lot Use.

- Zack, the new owner of Storekeepers, came to propose using the parking area for a Trunk-or-treat function on Halloween from 4 – 5:30 pm. Members of the community will be asked to participate. He will also be contacting the Fire Department for safety. Elizabeth suggested calling the school to see if the parking area was available so the children would be further from the road. The Board all were in favor of the function with all safety protocols followed. Zack will stay in contact with Curtis Smith with the details.
- Alex Therriault from Ultimate Dogsled Experience came to answer questions to complaints the board has been receiving on the amount of space taken while parking and the straw that is being left behind. Alex stated he was one of 7 sledders who are using the recreational parking area. His business is a paying member of the snowmobile club and helps with trail maintenance. He will be more aware of where he is parking and requests the same courtesy from others. He will also check with the school to see if weekend and holiday parking would be available for his guests, alleviating the extra vehicles from the lot. Zack offered to look at his land to see if there is enough room for Alex's business to park. They will be meeting to discuss. Alex requested a new multi-use sign be erected to replace the one that was torn down. Dick Deans will order one.
